GENERAL INFORMATION

This report is based on the preliminary findings of Census 2002 for populations in the Eastern Region (ERHA), the three Area Health Boards (AHB): East Coast (ECAHB), South Western (SWAHB), Northern (NAHB), and Community Care Areas (CCA). Also included are those parts of administrative counties within each AHB, i.e. Dublin City, Dublin South, Fingal, Dun Laoghaire-Rathdown, Kildare and Wicklow. The data are available at District Electoral Division (DED) level. The number preceding each DED name in this report is a unique number assigned from the Epidemiological Information System (EIS) of the Health Information Unit of the Department of Public Health, Eastern Regional Health Authority. This is referred to in the report as the EISDED number.

It is important to note the following points:

- Preliminary Census 2002 data are available: Totals, Males and Females.
- Age distribution data (i.e. age groups) will not be available until mid-2003.
- It would be unwise to assume that the age distributions / proportions in age groups from the Census 1996 will be applicable to Census 2002.
- Social Class / Socio-Economic groupings are not available in the preliminary report, and will not be available until late 2003/2004.
- It cannot be assumed that social class or derived deprivation indices for each DED in Census 2002 will be exactly the same as in Census 1996.
- In the formation of the ERHA, two DEDs were 'split' between different area health boards. These were Chapelizod (Eisded 37- split between SWAHB and NAHB) and Pembroke West A (Eisded 115 - split between ECAHB and SWAHB). However, data from Census 2002 shows only the aggregate number for each DED. Therefore, in this report, the population of Chapelizod has been assigned to the SWAHB, as geographically most of the DED lies there. The population of Pembroke West A has been assigned to the ECAHB. For comparative purposes, the same applies to Census 1996.

The contents of this report will be available later in 2002/2003 as part of the Health Atlas, an interactive computer software program from the Health Information Unit, Department of Public Health.

21st August 2001

EASTERN REGION

The population of the state rose by 291,249 from 1996 to 2002. The population (total, male, female) in the Eastern Region, Area Health Boards and Community Care Areas with the change in numbers and the percentage change is shown in Table 1.

Table 1. Population in Eastern Region, Area Health Boards, Community Care Areas 1996-2002

ALL HEALTH BOARDS

Data from the census years '86, '91, '96, '02 (16 year period), show that most of the population growth took place between 1996 and 2002. The change in total population during the period in each health board is shown in Table 3. The largest numerical change from 1996-2002 was in the Eastern Region, followed by the North East. The largest percentage change was in the North East, followed by the Midland Health Board. These changes are represented graphically in the Figure below.

Figure. Change in health board populations (number & percentage) 1996-2002

EAST COAST AREA HEALTH BOARD

The total population in the East Coast in 2002 was 333,458 (Table 4) having grown by 13,087 (4.1%) since 1996. The population of the East Coast in 2002 represented 23.8% of the total population in the Eastern Region.

Table 4. Population changes in the East Coast Area Health Board 1996-2002

	1996 TOTAL	2002 TOTAL	2002 MALE	2002 FEMALE	TOTAL CHANGE	% CHANGE

COMMUNITY CARE AREAS – ADMINISTRATIVE COUNTY

Tables 6,7 and 8 on the following pages show the population growth and changes between 1996-2002 in Community Care Areas 1, 2 and 10 respectively, by EISDED. Tables 9, 10 and 11 in subsequent pages show population changes by EISDED in each administrative county i.e. East Coast-Dublin City, East Coast-Dun Laoghaire-Rathdown and East Coast-Wicklow.
